An easy way for every customer to leave a Google review.

A counter stand your customers tap or scan to reach your Google review page.

WHAT YOU GET

- One counter stand with tap (NFC) and scan (QR), set to your own Google review page
- Setup at your counter, in about 15 minutes
- A one-line script for staff: ask every customer, not only the happy ones
- Draft replies to five of your existing reviews

PRICE

Stand and setup	₹999 one-time
Each extra stand	₹499 one-time

No monthly fee. Included free in all three plans. Taxes extra where applicable.

HOW IT WORKS

1. Your customer taps or scans the stand
2. Your Google review page opens on their phone
3. They write and post in their own words

WHAT WE NEED FROM YOU

- The name of your Google listing, so we can copy your review link
- Two minutes with your counter staff

WHAT IS PROVEN, AND WHAT IS NOT

Ratings matter. In a 2011 US study, one extra star on Yelp went with 5–9% more revenue for independent restaurants. In a 2026 US survey, 68% of consumers said they use only businesses rated four stars or more. In an India survey, 88% of people who look up a business on Google said they often read its reviews. No study shows how many extra reviews a stand brings, and we cannot promise a rating. We never write, buy or filter reviews, and we never offer a reward for one. Google's rules forbid all of these.

YOUR DATA

We hold none of your customers' details. Reviews stay on your own Google listing.
