Answer the common questions on WhatsApp in two taps.

The free WhatsApp Business app set up properly on your number, in one visit.

WHAT YOU GET

- Business profile with address, hours and description
- A greeting message and an away message, sent automatically
- Saved replies to your most-asked questions, in your own words, sent in two taps
- A catalogue of your services or products with prices
- Labels to sort your chats
- A chat link and a printed QR for your counter

PRICE

Setup in one visit — **₹1,499** one-time

No monthly fee. The WhatsApp Business app itself is free. Taxes extra where applicable.

HOW IT WORKS

1. We sit with you for about an hour
2. We write the replies in your words and set up the app on your phone
3. We print your chat QR for the counter

WHAT WE NEED FROM YOU

- Your phone for about an hour
- Your ten most-asked questions
- Prices and photos

WHAT IS PROVEN, AND WHAT IS NOT

In one India survey, 97% of small retailers already used WhatsApp for business. No study measures what a catalogue or quick replies add to sales. Automatic booking and reminders need WhatsApp's paid business platform, where each message has a fee. That comes with the Get Booked plan, not with this setup.
